3. In the event of a conflict between a requirement of these reporting guidelines and a requirement of an Australian Accounting Standard, the requirement of the Australian Accounting Standard prevails unless there has been a determination under section 750 of the Act that the Standard or the relevant part of the Standard does not apply in relation to an organisation or a class of organisations.

Operative date

4. These reporting guidelines apply to each financial year of a reporting unit that ends on or after 1 March 2017.

Purpose of reporting guidelines

5. These reporting guidelines apply for the purposes of section 763 of the Act.
6. Under subsection 763(1) of the Act a reporting unit is required to have a GPFR prepared. The GPFR must be prepared in accordance with the Australian Accounting Standards. These reporting guidelines prescribe disclosure requirements in addition to those prescribed by Australian Accounting Standards having in mind the nature of organisations registered under the Act.
7. The disclosure requirements prescribed by these reporting guidelines are directed towards providing members of a reporting unit with information to enable them to gauge the performance of the committee of management and other holders of office in relation to the financial management of the reporting unit. In addition, the reporting guidelines seek to improve the quality of information available to users of the GPFR about the reporting unit's economic support of, or economic dependency on, other reporting units of the organisation and other entities.
