Note 1: The rates of pay in this Award are intended to include the arbitrated wage adjustment payable under the 1 September 2008 Declaration of General Ruling and earlier Safety Net Adjustments. (Disputed cases are to be referred to the Vice President.) This arbitrated wage adjustment may be offset against any equivalent amount in rates of pay received by employees whose wages and conditions of employment are regulated by this Award which are above the wage rates prescribed by the Award. Such payments include wages payable pursuant to certified agreements, currently operating enterprise flexibility agreements, Queensland workplace agreements, award amendments to give effect to enterprise agreements and overaward arrangements. Absorption which is contrary to the terms of an agreement is not required.

Increases made under the previous State Wage Cases or under the current Statement of Policy, excepting those resulting from enterprise agreements, are not to be used to offset arbitrated wage adjustments.

Note 2: (a) Streams: A - Manufacturing and services stream. B - Engineering stream.

(b) At time of engagement it shall be the employer's prerogative to determine at what level within the classification structure it offers employment.

(c) Where an employee is re-engaged at Classification C10 in the trade for which an apprenticeship was served with the employer then the minimum time of 2 years' service as detailed in clause 5.1.2 (Salary grade definitions - engineering employees) shall be reduced to one year.
