- 34.6. RCC is committed to encouraging and promoting an active and healthy workforce.
- 34.7. An employee required to engage in activities which may expose them to silica dust, or to work in close proximity to employees engaging in activities which may expose them to silica dust, shall be provided with, and shall use, all necessary safeguards as required by the appropriate occupational health authority. Where the safeguards include mandatory wearing of protective equipment, such employees shall be permitted to choose between the types of facial PPE made available by Council, as far as reasonably practicable. All types of facial PPE made available by Council must meet the minimum standards required for the work being performed.

35. Learning and Career Development

- 35.1. RCC is committed to lifelong learning at both an organisational and individual level.
- 35.2 To meet the changing needs of RCC and the community, RCC agree to:
 - 35.2.1. Monitor, review and update approaches to the development of required skills and capabilities;
 - 35.2.2. Acquire and share knowledge; and
 - 35.2.3. Continue to build a workforce of capable, competent and committed employees.
- 35.3. Employees commit to learn and apply new skills and knowledge, adapt to new ways of working and participate in initiatives which assist RCC to meet future needs.
- 35.4. RCC is committed to training and career development for all RCC employees. Training shall be consistent with the *Australian Quality Training Framework* (AQTF), where appropriate, and wherever possible will aim to satisfy the requirements of the relevant industry, professional or statutory body.

36. Performance Appraisal System

- 36.1. Performance Appraisal focuses on improving capabilities and productivity of individuals and teams. The development, implementation and/or continuous improvement of performance management systems will be an ongoing collaboration and consultation between management, employees and the Unions.
- 36.2. RCC will introduce a common date approach to Performance Appraisals in which all Performance Appraisals will occur across RCC during the months of August and September. This will assist with the planning and budgeting cycles at RCC.

37. Classification/Reclassification Process

- 37.1. Employees will be classified in accordance with the classification definitions contained in the relevant Awards. RCC will ensure that each position has a written job description available, detailing the duties that the incumbent of the position is required to undertake.
- 37.2. Employees may submit a request for reclassification each year for consideration and RCC will provide a decision within eight (8) weeks of the submission date.
- 37.3. Managers/supervisors can request a reclassification and evaluation of a position at any time where there has been a RCC directed change in the design of the position and/or organisational restructure.
- 37.4. Reclassifications are based on the evaluation of the duties, responsibilities and skills required to perform the inherent requirements of the role, and not necessarily the capabilities of the person filling the position.
- 37.5. Generally a position may be reviewed for reclassification if the duties, responsibilities and/or skills required to perform the role have increased, require a greater complexity or have significantly changed.
- 37.6. Employees shall be given a written response to their request, including reasons where a request for reclassification to a higher level has been refused.
- 37.7. An employee may dispute the classification determined by RCC. Any disputes that are initiated regarding classification shall be dealt with in accordance with dispute resolution procedure of this Agreement.
- 37.8. A position reclassification application will only be assessed once per year, when the request has been received from the employee.
- 37.9. Any position reclassification will not result in a reduction of pay for existing employees. This provision does not apply where a position reclassification resulted from disciplinary or performance management action.
- 37.10. If a position has been reclassified one (1) level higher, the employee will automatically progress with the position to the higher level, without triggering redeployment and/or redundancy. This position cannot be requested to be reclassified by the employee for a two (2) year period from the date of the level increase.

37.11. If a position has been reclassified two (2) or more levels, the *Redundancy and Redeployment* provision within clause 41 will be triggered.

37.12. The reclassified position will be advertised internally, in the first instance:

- (a) Suitable redeployees will not automatically be placed in the reclassified position;
- (b) If the employee of the reclassified position is the only person who applies, and is suitable for appointment (i.e. has been assessed by a selection panel to meet the selection criteria, and has demonstrated capability to perform all the responsibilities of the reclassified role), they will be appointed without having to go through a full interview process and referee check.

38. Recruitment

38.1. Simultaneous advertising means advertising a vacant position to employees of RCC and externally to the public at large, seeking applications for the filling of a vacant position by means of appropriate advertisements timed to appear at the same time. Where RCC is of the opinion there are no suitably skilled and/or qualified employees within RCC, or where it is anticipated limited numbers of applicants will be received from internal applicants, the parties agree that simultaneous advertising can take place for all positions at RCC's discretion, irrespective of the classification level.

38.2. All things being equal, the most suitably skilled and qualified internal applicant will be considered as a preference for the appointment of positions classified Level One (1) to Level Five (5), inclusive, of the *Queensland Local Government Industry (Stream B) Award – State 2017; Division 2; Section 5*.

38.3. For positions classified at Level Six (6) to Level Nine (9), inclusive, under the *Queensland Local Government Industry (Stream B) Award – State 2017; Division 2; Section 5* or those positions deemed to be technical or specialist in classification and governed by another relevant Award, RCC will consider all applications received and appoint the most suitably skilled and qualified applicant, based upon merit, irrespective of whether or not that person is an internal or external candidate.

39. Travelling Directly to a Work Site

39.1. Employees will commence/finish work at the location of the current construction/workplace as appropriate in order to maximise utilisation of resources.

39.2. Where appropriate, if employees have to pass the Depot to reach the job, they may take advantage of the allocated transport available to this job.

39.3. Implementation of such arrangements shall be by mutual agreement with the work areas concerned.

40. Workcover

40.1. When an employee is on a workcover/rehabilitation or return to work program, they will not be entitled to work under the nine (9) day fortnight roster, on-call roster or overtime if to do so could reasonably cause a foreseeable risk or delay in the employee's capacity to return to perform the inherent requirements of the employee's position.

41. Redundancy and Redeployment

41.1. Objectives:

- (a) to retain, if possible, employees whose positions have become redundant in continued employment within RCC;
- (b) to make reasonable attempts to retrain and redeploy employees whose positions have become redundant;
- (c) to pay monetary compensation to those employees whose positions have become redundant and who have elected not to partake in a redeployment process;
- (d) to assist employees whose positions have become redundant to find suitable ongoing employment; and
- (e) to action forced redundancies only as a last resort.

41.2. Employees exempted

This clause does not apply to:

- Employees terminated as a consequence of serious misconduct that justifies dismissal without notice;
- Probationary employees;
- Apprentices;
- Trainees;
- Employees engaged for a specific period of time or for a specified task or tasks; or
- Casual employees.

41.3. Notification and consultation prior to redundancy decision:

The *Notification of Change* requirements (see clause 15 of this Agreement) also apply to redundancy situations.

41.4. Redundancy Procedure:

The steps outlined below describe in broad terms, what occurs following a position having been determined as redundant:

41.4.1. Following consultations, a redundancy decision is taken and employee notified in writing of the date of redundancy;

41.4.2. Upon notification of redundancy, the employee may be offered a departure package;

41.4.3. If an employee is offered a departure payment at the time of redundancy, the employee may elect to take the departure package and terminate employment, or alternatively, may decline the departure package and partake in the redeployment process outlined in clause 41.5 and 41.6 for a period of up to six (6) months. An employee must decline their offer of a departure package in writing.

41.4.4. If the employee declines an offer of a departure payment at the time of redundancy, the employee's participation in the redeployment process is in lieu of any entitlement to severance pay (i.e. they will not receive severance pay as part of their departure package as stated at clause 11.6), where the employee's employment terminates during or at the end of the redeployment period.

41.4.5. If no offer of a departure payment is made, the employee will partake in the redeployment process outlined in clause 41.5 from the date of redundancy. In such instances, sub-clause 41.4.4 will not apply.

41.4.6. During the redeployment period, and subject to an employee's successful appointment to an alternative position within RCC's organisational structure, in which case clause 41.6 will apply, an employee's wage will be maintained at the same level and increment as applied to the employee immediately prior to their former position becoming redundant. Service during the redeployment period does not count for the purpose of determining incremental progression.

41.4.7. If the redeployment period concludes without the employee being placed in a suitable position at the employee's substantive classification level or, by agreement to a lower classification level, then the employee will be retrenched, and subject to sub-clause 41.4.4, will be entitled to a departure package.

41.4.8. Where a suitable alternative position cannot be found within the six (6) month redeployment period, the employee may be retrenched. However, prior to any decision being taken to retrench an employee, RCC will meet with the affected employee to discuss the retrenchment.

41.5. Redeployment Process:

Is a process for the duration of the redeployment period of placing employees in alternative positions in RCC's organisational structure.

41.6. *The following provides an outline of the obligations of RCC and employees during the redeployment period:*

- 41.6.1. RCC will provide appropriate and reasonable retraining opportunities, will provide each redeployee with a case manager and will ensure employees have reasonable access to job vacancy details.
- 41.6.2. RCC will consider the suitability of employees for vacancies in its operational structure that are at the same level as their redundant position prior to advertising all positions.
- 41.6.3. Each employee, in consultation with their manager/supervisor, must complete a *Redeployment Agreement* and an *Action Plan* for the redeployment period. The *Redeployment Agreement* commits an employee to actively participate in appropriate retraining and apply for roles for which they are suitably qualified.
- 41.6.4. The *Action Plan* also outlines the tasks that the manager/supervisor and employee will undertake to find suitable alternative employment. The manager/supervisor must ensure that the employee is provided with reasonable resources, support and training to enable employment transitions.
- 41.6.5. Training must be oriented towards, and tangibly linked to existing or anticipated realistic employment opportunities, and this should be clearly outlined in the *Action Plan*.
- 41.6.6. Employees must participate actively in the redeployment process by making themselves available to be considered for vacancies, accepting reasonable redeployment and retraining opportunities and being pro-active in searching and applying for jobs.
- 41.6.7. During the redeployment period employees may be placed (transferred, redeployed or seconded) to a vacancy without the position being advertised. A redundant employee can be placed into an internal vacancy at the same level as their redundant position, or at one (1) level below.
- 41.6.8. RCC will consider employees engaged in the redeployment process for vacancies within its organisational structure before other applicants; and
- Assess the employee's suitability for a vacant position solely in relation to their capacity to meet the selection criteria and not on the basis of relative merit; and
 - If the employee is deemed suitable by the appointing manager, appoint the employee to the vacant position; and
 - If the employee is unsuccessful, provide feedback to the employee upon request.
 - If there is more than one (1) suitable employee in a redeployment process seeking appointment to a vacant position in RCC's organisational structure, a merit-based selection process is to be undertaken to select the most suitable for those employees.
 - If a vacancy position is more than one (1) classification level below an employee's redundant position classification level, the employee may only be appointed to that position by mutual agreement.
- 41.7. Redeployment at level or to lower classification:
- 41.7.1. Employees redeployed and appointed to a position at the same classification level as that of the employee's redundant position, will be entitled to receive the same increment level applying to the employee immediately prior to their former position becoming redundant.
- 41.7.2. Where an employee is redeployed and appointed to a position which is one (1) classification level lower than the classification level of the employee's redundant position, the rate of that was payable to the employee immediately prior to the employee's former position becoming redundant, 'the former rate' will be maintained for the employee (but without incremental progression), until such time as the rate of pay stated in this Agreement, at the top increment of the level at which the employee's redeployed position has been classified, 'the new rate', surpasses the employee's former rate of pay.
- 41.7.3. If an employee and RCC mutually agree that the employee be redeployed and appointed to a position which is more than one (1) classification lower than that of the employee's redundant position, the employee will not be entitled to salary maintenance, and will receive the rate of pay (at the first increment of the classification level) payable under this Agreement for that lower level position.

41.8. Job search entitlement:

- 41.8.1. Employees shall be allowed up to one (1) days' time off without loss of pay during each month of notice for the purpose of seeking other employment;
- 41.8.2. If the employee has been allowed paid leave for more than one (1) day during the notice period for the purpose of seeking other employment, the employee may, at the request of RCC, be required to produce proof of attendance at an interview or they shall not receive payment for the time absent. For this purpose, a statutory declaration will be sufficient.

41.9. Financial advice entitlement

Employees will be entitled to one (1) paid meeting in work time with a registered financial adviser/planner, up to the value of \$350. A receipt by a registered financial adviser/planner must be provided for reimbursement, up to the amount of \$350 for this meeting.

41.10. Transmission of business

The provisions of clause 41 are not applicable where a business is before or after the date of this Agreement, transmitted from one employer (in this sub-clause called the **transmittor**) to another employer (in this sub-clause called the **transmittee**), in any of the following circumstances:

- (a) Where the employee accepts employment with the transmittee which recognises the period of continuous service which the employee had with the transmitter and any prior transmitter to be continuous service of the employee with the transmittee; or
- (b) Where the employee rejects an offer of employment with the transmittee:
 - i. In which the terms and conditions are substantially similar and no less favourable, considered on an overall basis, than the terms and conditions applicable to the employee at the time of ceasing employment with the transmitter; and
 - ii. Which recognises the period of continuous service which the employee had with the transmitter and any prior transmitter to be continuous service of the employee with the transmittee.

PART 8 – ALLOWANCES

42. Roll up of Allowances

42.1. The following allowances shall be deemed to be included in the annual wage for that class of employee, for all purposes, provided that the employee is entitled to that allowance:

- 42.1.1 Construction
- 42.1.2 Reconstruction
- 42.1.3 Alternation, repair and/or maintenance work; and/or
- 42.1.4 Tool allowance.

43. Live Sewer Allowance

43.1. Employees from Waste Water Reticulation and Mechanical/Electrical Team and who are engaged consistently in work which involves direct personal contact with raw sewage, in a live sewer or internal cleaning of septic tanks, releasing blockages in sewerage lines, septic tanks and connections thereto, shall be paid four (4) hours at the rate of time and a half for all time so engaged only on the days worked.

43.2. Live Sewer Allowance

- (a) Employees, other than those referred to in clause 43.1 and/or in receipt of an allowance at clause 44, where undertaking live sewer work or cleaning septic tanks during ordinary hours, will be paid at the rate of time and a half for all time undertaking such work.
- (b) During overtime or on weekends or public holidays, employees performing live sewer work will be paid an allowance equal to one half (0.5) of the ordinary hourly rate in addition to the relevant

overtime, weekend or public holiday rate while undertaking such work.

- (c) The term 'live sewer work' will mean work carried out in situations where there is direct aerial connection with a sewer through which sewage is flowing. The term will also include work in connection with septic tanks and cleaning of mechanical plant if such plant is contaminated with sewage.
- (d) Where aerial connection with a sewer or septic tank is blocked by a disc, plug, valve, water seal or other means, the live sewer rate will not apply.
- (e) Employees who are on any day required to carry out work in connection with the release of blockages in sewerage lines, septic tanks and connections thereto will be paid not less than four (4) hours at the rate stated in clause 43.2 (a). All time spent travelling to and from such work will be considered time worked for this purpose.
- (f) This allowance will not apply to employees engaged at sewerage treatment plants.
- (g) Live Sewer Work Allowance will not be paid in addition to the payment of Construction, Reconstruction, Alteration, Repair and/or Maintenance work allowance prescribed in clause 42.1, and the relevant award.

44. Biological Allowance

- 44.1. Wastewater treatment plant operators and assistant operators shall be paid an annualised biological allowance. This allowance is equivalent to an additional two (2) hours per day at their ordinary rate of pay for the standard nine (9) day fortnight working roster.
- 44.2. This clause is in full and final settlement of all parties' claims for its duration. It is a term of this clause that no party will pursue any further claims relating to wages or conditions of employment (e.g. live sewer allowance).

45. Dead Animal Removal Allowance

- 45.1. Employees will be paid an allowance of \$25.00 per week when required to remove dead animals regardless of the amount collected or size of the dead animal. If no animals are collected, this payment will not occur.

46. Pesticide Spray Allowance

- 46.1. Employees using pesticides for the control of weeds, mosquitoes and other pests shall be paid an additional amount at the rate of \$13.45 per week whilst engaged in such work.

47. Trailer Allowance

- 47.1. Employees driving a motor vehicle to which a light trailer, caravan, compressor, concrete mixer, lighting plant, welding plant, road broom or generator set is attached shall be paid an allowance of \$3.50 per day. This rate shall apply whether the trailer is loaded or empty and regardless of whether the trailer has a single axle or has more than one axle.

On-Call, Remote Technology and Call-out Allowances

48. On-call Allowance

- 48.1. RCC may require an employee to be on-call, or to perform emergency work outside of the employee's agreed scheduled ordinary working hours. Employees' on-call are required to hold themselves available to perform emergency work if required by RCC.
- 48.2. Where RCC requires the employee to be on-call and be readily available and accessible (both physically

and/or by telecommunications as appropriate) to perform emergency work, an on-call allowance will be paid as follows:

- 48.2.1. For being on-call on Monday to Saturday and on public holidays, an allowance of \$55.00 per day will be paid.
- 48.2.2 For being on-call on a Sunday (exclusive of any public holiday that falls on a Sunday), an allowance of \$65.00 per day will be paid.
- 48.3. To be eligible for the allowance, the employee must have been instructed to be available for work, be readily accessible (within half an hour radius of RCC place of employment) and in a fit state if called upon to perform work. The mere provision of electronic means for contact or to perform work remotely does not in itself justify entitlements to the allowance.
- 48.4. On-call employees will be provided appropriate resources to undertake their duties. Assignment of employees to on-call duties will be undertaken on a consultative basis between management and employees, having due regard to principles of reasonable direction, employee well-being, and equitable distribution of on-call duties.
- 48.5. When an employee is required to be on-call on any gazetted public holiday, an employee shall have one (1) stand-by day added to the employee's balance for each public holiday on which the employee is required to remain on-call.
- 48.6. If an employee is on sick leave, annual leave, or long service leave, they are ineligible to be rostered on-call and will not receive payment of this allowance.
- 48.7. If an employee is on sick leave, they must notify their manager/supervisor as soon as practicable, so that the on-call roster can be managed.
- 48.8. For the purposes of clause 49, 50 and 51, emergency work occurs when urgent work is required to be done which cannot wait until the next business day. Emergency work is therefore associated with an emergency callout (whether performed from home or at a workplace) and includes duties reasonably associated with that callout.

49. Remote Response Minimum Payment

- 49.1. On-call employees required to respond or undertake emergency work for RCC via telephone or computer (and not required to personally attend on site to a call-out) will be paid a minimum of one (1) hour at the applicable hourly rate of pay. If another after hours call is received within the one (1) hour period, no additional payment will be made for that hour. However if a second after- hours call is received after the initial one (1) hour period, a second call will be treated as a separate incidence, and will be paid a minimum of one (1) hour at the applicable hourly rate of pay.
- 49.2. Logs must be maintained by the on-call employee and must contain:
 - 49.2.1 Date;
 - 49.2.2 Start and finish time of remote emergency work undertaken; and
 - 49.2.3 Description of work undertaken.
- 49.3. Only employees who are instructed or rostered for after-hours work in accordance with this clause will be required to respond to after-hour calls.
- 49.4. Overtime worked as a result of responding or undertaking emergency work in accordance with clause 49, will not be regarded as overtime for the purposes of clause 49 where the actual time worked is less than two (2) hours, or where four (4) or more remote responses are undertaken over a period of greater than three (3) consecutive hours which in total has resulted in less than two (2) hours work.

50. Call-out Minimum Payment

- 50.1. If an employee is required to travel to a work place to perform the necessary emergency work, all work performed by the employee shall be paid for at the prescribed overtime rates in the relevant Award for that day, from the time of leaving home to commence work until the time the employee returns home.
- 50.2. The payment received in those circumstances shall not be less than three (3) hours wages at the

applicable overtime rates on the first occasion on any one (1) day the employee is required to leave home, provided that any subsequent requirement to perform work away from home which occurs within the initial three (3) hour time period and does not extend beyond the three (3) hour time period will not be subject to an additional payment of three (3) hours.

- 50.3. Any subsequent requirement for an employee to leave home to perform work will be paid at the appropriate overtime rate for the actual time worked with no prescribed minimum.
- 50.4. Subject to the employee receiving a 15 minute rest break prior to commencing ordinary hours, the minimum payment referred to in clause 50.2, will not apply where overtime is worked continuous with the commencement of ordinary hours.

51. Standby Allowance for Bushfire and Storm Response

- 51.1. During the bushfire and storm season, RCC may require employees to be on standby for bushfire and storm response.

Employees shall be paid an allowance of \$45.00 per day upon which the employee is required to be on call for bushfire or storm response. In the case of a public holiday falling on the Friday and/or the Monday, employees on standby for bushfire response will be paid an additional \$45.00 per day for each public holiday.

PART 9 – HOURS OF WORK

52. Hours of work

- 52.1. Spread of hours shall be as per the relevant Award provisions. The spread of ordinary hours (where prescribed by the relevant award) may be altered by up to 2 hours in either direction provided there is agreement between RCC and an individual employee.
- 52.2. Agreement to alter the spread of ordinary hours will not be unreasonably withheld where RCC considers an alteration to the ordinary span of hours would be operationally beneficial or that community/customer service be enhanced by doing so.
- 52.3. The approval of the manager/supervisor is required to work in excess of the normal daily working hours.
- 52.4. Work on Saturdays and Sundays can be undertaken between 7:00am and 4:30pm:
- 52.4.1. By sourcing volunteers from within the workgroup/team/area; or
- 52.4.2. Through the relevant Award provisions.
- 52.5. Unless otherwise stated, ordinary hours performed on a Saturday and/or a Sunday as part of the 38 hours per week shall be paid at the penalty rates prescribed by the Award.
- 52.6. Where an employee seeks to work their ordinary hours on Saturday or Sunday to suit their personal circumstances, the agreement in writing shall indicate the change was at the employee's request, and RCC will not be required to pay weekend penalty rates prescribed by the Award.
- 52.6.1. This clause applies to all employees.

54. Construction Teams

54.1. This section applies to construction teams.

54.2. In the Infrastructure and Operations Groups, Construction Teams may be required to perform construction on special projects on weekends on an infrequent basis where working during normal hours could result in a reduction of customer service. For example, work in town centres, work outside schools, major water main cut-ins, work on roads with heavy traffic, and community planting projects.

- (e) Any work performed on Sundays shall be paid at double time.

55.5. Multi-Hiring

- (a) Employees covered under this Agreement, will be required to perform any of the duties and responsibilities expected of a Redland Performing Arts Centre or IndigiScapes Café employee, having regard to their qualifications and experience in a multifunctional environment.

Indexation of allowances stated as monetary amount under Part 8 of this Agreement

All allowances stated as a monetary figure pursuant to Part 8 of this Agreement will, during the life of this agreement increase as follows:

- From 1st full pay period following 1 May 2023, by 3.5%; and
- From 1st full pay period following 1 May 2024, by a further 3.5%

APPENDIX TWO – NINE (9) DAY FORTNIGHT

78. Nine Day Fortnight

- 78.1. Employees must at all times obey directions given by their managers/supervisors regarding hours of attendance. If a manager/supervisor directs an employee(s) to commence or cease work at a time which the individual would prefer to be absent, the manager/supervisors directions are to be followed.
- 78.2. It is essential therefore, that all employees working a nine (9) day fortnight arrangement are aware that the first priority is the maintenance of acceptable workflows. Accordingly, there will need to be cooperation between employees, managers/supervisors in planning of working time so that during work periods resources are available to service the needs of the public, other departments and organisations, and to enable the continuance of interoffice communication and services.
- 78.3. Managers/supervisors are responsible for monitoring and managing each employee's attendance patterns and where these are found to be unsatisfactory, the manager/supervisor should immediately counsel the employee. If, despite counselling by the manager/supervisor, an employee's attendance pattern continues to be unsatisfactory, the matter should be referred to the Group Manager of the department for further action. Inclusion or participation in the scheme will not be unreasonably withheld; however, RCC will at all times reserve the right to determine who may be excluded from participation, for reasons such as unsatisfactory attendance records.
- 78.4. The success or failure of the system and its continuance depends greatly on the attitudes, responses and cooperation of both employees and management. It is to be remembered that a nine (9) day fortnight arrangement has been designed primarily to enable employees to work more efficiently and to enable them to balance work and family commitments.

79. Hours of Work

- 79.1. Employees must at all times, obey directions given by their managers/supervisor regarding hours of attendance. If a manager/supervisor directs an employee to commence or cease work at a time which the individual would prefer to be absent, the manager/supervisor's directions are to be followed.

80. Settlement Period

- 80.1. For a nine (9) day fortnight, the settlement period is a fortnight. The nominal requirement is for employees to work seventy six (76) hours during the settlement period.

81. Rosters

- 81.1. Where work functions require employees to provide customer services within specified opening times, rosters may be drawn up, in consultation with employees, within the spread of hours in the relevant Award.

82. Standard Day

- 82.1. A standard working day will be either eight (8) or eight and one half (8.5) hours, depending upon the roster.

83. Lunch Break

- 83.1. Employees must take a lunch break of a minimum of thirty (30) minutes, and a lunch break must be taken after an employee has worked continuously for five (5) hours. For example, an employee who commences duty at 7.00am must begin a lunch break not later than 12.00pm.

84. Rest Pauses

- 84.1. Rest pauses of ten (10) minutes duration can be taken during the morning and afternoon periods. There is no requirement to sign off during these periods.

85. Rostered Days Off (RDO)

- 85.1. The employee shall be entitled to a rostered day off (RDO) without reduction in pay each fortnight of employment except as is otherwise provided for in this Agreement. This RDO will be based on a mutually agreed rotating roster developed annually.
- 85.2. Normal RDO's will be taken in accordance with this annual schedule. With managers/supervisors' approval, an employee may vary the day of their normal RDO for a specific reason. Such approval would not be unreasonably withheld.
- 85.3. Employees who supervise or support other employees who work 38 hours per week, shall have the same day off without reduction in pay as the employees they supervise or support.
- 85.4. Where RCC requires an employee to work their normal RDO, the employee will have the choice to nominate in advance whether the RDO worked will be paid at the appropriate Award rate, or banked.
- 85.5. Work on RDO's will be undertaken by:
- (a) Firstly, sourcing volunteers within the workgroup/team/area;
 - (b) Secondly, sourcing other volunteer replacement employees to ensure the work is completed;
 - (c) Finally, by the manager/supervisor providing, where possible, seven (7) days' notice to the employees concerned, and this occurring after consultation with the employee and consideration of their personal and family commitments.
- 85.6. Where RCC requires employees to attend training on their RDO, these days will be banked, for use during a Christmas shut down. RCC will give reasonable notice of training to be undertaken on an RDO and will be to a maximum of two (2) RDOs per calendar year.
- 85.7. Banked RDOs redeemed will be paid in the pay period in which they are taken.
- 85.8. Where banked RDOs cannot be taken, they will be paid to the employee at the appropriate rate.
- 85.9. Where emergency or work demands that the Executive Manager or delegate, recall an employee on their rostered day off work on a particular day, then that employee will be entitled to claim overtime in accordance with the relevant provisions of this Agreement and the respective Award.

86. Temporary Suspension

- 86.1. The temporary suspension of the taking of RDO's, will be permitted during periods of intense activity associated with construction work, project work, rates levy and payment period and the like, by agreement between the Senior Manager or delegate and employees. RDO's that would normally be taken during a period of suspension may be stored as banked RDO's and taken at a time more convenient to RCC's operations.

87. Accrual of RDO's

- 87.1. Employees will have the ability to bank up to a total of five (5) days. Three (3) of those days may be used for a Christmas Shut down period, if initiated by RCC. RCC will advise its decision regarding the Christmas Shut Down by 31 July of that year.
- 87.2. If RCC does not shut down over the Christmas period, these accumulated three (3) days must be taken by the end of March the following year.

88. Notification of Absence

- 88.1. Under the nine (9) day fortnight, the normal requirements apply for notification of absences where prior approval for leave has not been given. Employees who for any reason will not be attending for duty when expected and who have not received prior approval are required to notify their manager/supervisor by telephone by a minimum of half an hour prior to normal start time or at the first opportunity on the day of absence.
- 88.2. Failure to notify of an absence on more than one (1) occasion may result in disciplinary action.

89. RDO's falling on Public Holidays

- 89.1. Where an RDO falls on a day that is a Public Holiday 'actual public holiday', employees will not receive payment for that day, but will be entitled to take the next ordinary work day immediately following the Public Holiday as an 'alternative day off'. Subject to clause 89.3, employees will receive their ordinary pay for the hours they would have worked on their 'alternative day off'.
- 89.2. Clause 89.1 applies in place of sub clauses 23.4(a) and (b) of Division 2 – Section 5 (Operation Services) of the *Queensland Local Government Industry (Stream B) Award – State 2017*.
- 89.3. If an employee is directed to work on their 'alternative day off' as referred in clause 89.1, they will be paid at the rate of time and a half of their ordinary rate for the first three (3) hours and double the ordinary rate thereafter. Employees should not be directed to perform work on their 'alternative day off' other than in emergency situations, or where in the opinion of the relevant Group or General Manager the work could not wait until the next ordinary work day.
- 89.4. If an employee is directed to work on the actual public holiday as referred in clause 89.1, they may be paid at double the overtime rate or alternatively, may agree to accrue the time worked as TOIL in accordance with clause 58.
