- (b) in every other case, at the ordinary time rate of pay payable under clause 5.2 to the employee concerned immediately prior to that leave.

- (c) All employees - Subject to the provisions of clause 7.1.5(d), in no case shall the payment by an employer to an employee be less than the sum of the following amounts:
 - (i) the employee's ordinary wage rate as prescribed in clause 5.2 for the period of the annual leave (excluding shift premiums and weekend penalty rates);
 - (ii) leading hand allowance prescribed in clause 5.2;
 - (iii) a further amount calculated at the rate of 17 1/2% of the amounts referred to in clauses 7.1.5(c)(i) and 7.1.5(c)(ii).

Clause 7.1.5(c) does not apply to the following:

- (i) any period or periods of leave exceeding:
 - 5 weeks in the case of employees employed in a calling where 3 shifts per day are worked over a period of 7 days per week; or
 - 4 weeks in any other case.
- (ii) employers who are already paying an annual leave bonus, loading or other annual leave payment which is not less favourable to employees.

7.1.6 Unless the employee agrees otherwise, the employer must give the employee at least 1 month notice of the date from which the employee's annual leave will be taken.

7.1.7 Except as provided in clause 7.1.4, it is not lawful for the employer to give, or for the employee to receive, payment in lieu of annual leave.

7.1.8 Such annual leave will be exclusive of any rostered day off which would have occurred had the employee not been on annual leave.

7.1.9 Annual shut down - An employer may close down an enterprise for a period of at least 21 consecutive days and grant the balance of the annual leave due to an employee in one continuous period in accordance with a roster:

Provided that by agreement with the majority of employees concerned, an employer may close down an enterprise for a period of at least 14 consecutive days including non-working days and grant the balance of annual leave due to the employee(s) by mutual arrangement.

7.2 Sick leave

7.2.1 Entitlement

(a) Every employee, except casuals and school-based apprentices and trainees, is entitled to 60.8 hours' sick leave for each completed year of their employment with their employer:

Provided that part-time employees accrue sick leave on a proportional basis.

(b) This entitlement will accrue at the rate of 7.6 hours' sick leave for each 6 weeks of employment.

(c) Payment for sick leave will be made based on the number of hours which would have been worked by the employee if the employee were not absent on sick leave.

(d) Sick leave may be taken for part of a day.

(e) Sick leave shall be cumulative, but unless the employer and employee otherwise agree, no employee shall be entitled to receive, and no employer shall be bound to make, payment for more than 13 weeks' absence from work through illness in any one year.

7.2.2 *Employee must give notice*

The payment of sick leave is subject to the employee promptly advising the employer of the employee's absence and its expected duration.

7.2.3 *Evidence supporting a claim*

When the employee's absence is for more than 2 days the employee is required to give the employer a doctor's certificate, or other reasonably acceptable evidence, about the nature and approximate duration of the illness.

7.2.4 *Accumulated sick leave*

An employee's accumulated sick leave entitlements are preserved when:

(a) The employee is absent from work on unpaid leave granted by the employer;

The employer or employee terminates the employee's employment and the employee is re-employed within 3 months;

(c) The employee's employment is terminated because of illness or injury and the employee is re-employed by the same employer without having been employed in the interim.

The employee accumulates sick leave entitlements whilst absent from work on paid leave granted by the employer.

7.2.5 *Absenteeism Control Measures*

(a) Sick Leave is unlike annual or long service leave in that it is conditional upon an employee being ill or injured to the point of being unfit for duty.

It is an insurance to protect the employee and the employees' family against hardship should he be unable to continue in the employees' normal occupation and should be only so utilised.

(b) This procedure is designed to curtail sick leave abuse by employees who are absent from work and who are not genuinely unfit for duty and is to operate notwithstanding the provisions of this clause.

(c) At the end of each 3 monthly period or such other period as presently applies the employer shall review the sick leave records with a view to establishing a list of employees whose record of attendance gives cause for reasonable concern.

(d) Any employee with an unsatisfactory record shall be interviewed by the employer in the presence of the industrial organization representative if the employee so requests. If the discussion with respect to the absences does not provide satisfactory reason for the absences, then a letter of warning is to be sent to the employee.

(e) If no improvement is observed in the next period, the employee is to be again interviewed (as in (d) above), and if the interview results in unsatisfactory reasons being given, then a second letter of warning is to be sent to the employee, also indicating proof of illness or a certificate may be required for any absence.

(f) If the above action still results in unsatisfactory attendance at work then a final warning is to be given and if this is disregarded then good grounds will have been established for termination of employment.

Column 2 and Column 5 prescribe the kilometre rate for vehicles in excess of 10 tonnes for any working distance in excess of the kilometres shown in Columns 3 and 6 for each period of ordinary weekly hours.

Columns 3 and 6 prescribe the minimum number of working kilometres which must be performed before the excess kilometre rate as shown in Columns 2 and 5 applies.

PART B

The hire rate to be paid shall be in accordance with the payload capacity of the vehicle which is determined by subtracting the tare mass from the gross vehicle mass registered under the Transport Operations (Road Use Management – Vehicle Registration) Regulation 2010 and as indicated on the vehicles registration certificate:

Provided that no load shall exceed the limit prescribed by or under any Queensland State Act:

Provided further that for any periods of more or less than the ordinary weekly hours and/or days a *pro rata* adjustment to the basic weekly rate as shown in Column 1 Tip Trucks and Column 4 Non Tip Trucks shall be made before calculating any additional kilometric payment.

The truck hire rate shall be calculated in accordance with the following formula:

$$\text{THR} == [\{ \text{WR} - (700 \times \text{S}) \} \text{H}/\text{Z}] + [20 \times \text{P} \times \text{S}] + [\text{S}(600 \times \text{H}/\text{Z})] +$$

$$[\text{Y} \text{ (only if +ve, otherwise ignore)}]$$

where -

$$\text{Y} == [\text{D} - (600 \times \text{H}/\text{Z})] \times \text{S}$$

where -

THR is the truck hire rate.

WR is the weekly rate (\$) (Column 1 or Column 4).

S is the kilometre rate (\$) (Column 2 or Column 5).

H is the actual time worked expressed in hours or part thereof.

Z is the ordinary weekly hours for a normal working week.

P is the number of days on which work is performed in the period.

D is the actual number of working kilometres performed during the hire period.

PART C

Crane Capacity	Rate Per Day \$	Recommended Truck Size
Up to 1 tonne metre	7.59	Up to 2-3 tonne
Over 1 tonne metre but less than or equal to 2 tonne metre	9.36	3-4 t to 5-6 t
Over 2 tonne metre but less than or equal to 3 tonne metre	15.46	6-7 t to 7-8 t
Over 3 tonne metre but less than or equal to 4 tonne metre	17.50	8-9 t to 10-11 t
Over 4 tonne metre	19.53	11-12 t and above

The hire rate component payable shall be determined by the crane capacity except where a crane is fitted which exceeds the legally recommended capacity for that vehicle. In such instances, the hire rate to be paid shall be the rate applicable to the maximum crane capacity recommended for that vehicle:

Provided that at times when the crane is not in use the vehicle weekly hire rate will be paid at the appropriate rate as specified in Part A of this Schedule calculated at the registered Gross Vehicle Mass less Vehicle Tare.

PART D

Water Tank and Pump Hire

When at the request or direction of the employer, an owner truck driver uses the employees' own water tank or the employees' own water tank and pump on the job, the employer shall pay the owner driver the amount of \$3.87 per hour for each hour that the owner driver's tank or the employees' own water tank and pump are in use on the job. The said payment shall be in addition to all other payments due to the owner driver under the Award.
